Dear Bud:

On a recent visit to this Headquarters by Admiral Raborn, he was informed by Jim Spriggs (OSSA) of the NASA program to assist the Air Force in development of its limited warfare capability, especially as conducted in Southeast Asia. Admiral Raborn expressed his interest and asked to be kept informed,

Attached is a summary of ideas generated within NASA after having received a number of Air Force briefings on the problems it was facing in Vietnam. I would appreciate your bringing this to Admiral Raborn's attention.

Sincerely,

Floyd J. Sweet
